Subject: Discussion with Erin Chancellor

I wanted to alert you to a call I had from Erin today about a potential high level HQ visit to Bangor, Maine. She was wondering which Superfund sites might be good for a visit. I mentioned 4 sites that are possible; Union Chemical (timing not great due to Notice of Intent to Delete comment period), Callahan Mine, Eastland Woolen Mill and Naval Air Station Brunswick.

We can discuss at your convenience; maybe after the PFAS meetings next week?

Bryan
